

Poems

Sarah Walker, year 9 student

Why Should People Suffer?

Why should people suffer?
I don't understand,

Why should people suffer?

Weeping over the land,

Why should a baby boy,

Suffer at his birth?

Why should a baby boy,

Suffer on this earth?

Why should animals suffer?

In those testing labs,

Why should animals suffer?

Those painful needle jabs,

Why should the hungry suffer?

In those run down places,

Why should the hungry suffer?

In many, many cases,

Why should a child suffer?

Being beaten by their dad,

Why should a child suffer?

Whenever their fathers mad,

Why should a young girl suffer?

Being bullied at her school,

Why should a young girl suffer?

When she gets called a fool,

Why should someone suffer?

Being in a wheelchair,

Why should someone suffer?

No one seems to care!

Poem by May Tate

Spring Glorious Spring

What a wonderful time of the
year.

When we think of Easter time as it
comes in the spring,

We can only thank God for all
the things he has given us here on
earth.

When we rise in the morning,
to see all the birds looking for
somewhere to build their nests,
the thrill of seeing little newborn
lambs gambolling in the fields.

When we see all the daffodils, and
the other early flowers come into
bloom, We see all the fruits come
forming on the bushes and trees.

What a wonderful sight to see,
when the gardens spring to life,
The shops are all busy selling us
seeds and plants for us to grow.

Some folks thoughts turn to their
first holiday at spring-time.
Surely this must be the most
wonderful time of the year.

The Solway Plain Then and Now

Holme St. Cuthbert History Group staged an exhibition at Culterham Hall Mawbray during the first week of May. The Exhibition included displays of photographs, artifacts and information about the History of the area from Prehistoric times up to the 1940's. A complete set of Parish Records from 1580-1900 were available for people to look up their ancestors. Children were well catered for, with period costumes to dress up in, jigsaws, colouring in sheets and a

quiz. Refreshments and food tastings made from the Iron age to Victorian times were available. The Exhibition was very well attended. All Junior schools were invited, Allonby and Holme St. Cuthbert, took up the offer and had a local History lesson and food tastings specially prepared for them.

A big thank you to Solway Neighbourhood Forum and Allerdale Community Fund for sponsoring this event. Anyone who would like to join the group or has photo's or information please contact Karen Simpson on 01900 881353.

Tip for the Top

Summer Hair Care

Both hair and skin can be badly damaged by the effects the sun, seawater and chlorine in swimming pools. Hair which has been coloured or chemically treated and long hair are particularly at risk.

With summer just around the corner and holidays being taken in hot countries as well, we have put together a bag packed full of quality sun care products to protect both your hair and body. The bag includes free NIVEA firming suntan lotion which is designed to work hard to protect and bronze your body.

PURE after sun hair & body shampoo will remove all traces of seawater or chlorine. REFRESH after sun balm will soothe any tender places, while LEAVE IN SUN conditioning spray will make sure your hair is preserved and kept in tip top condition. The sun care products contain apricot kernel oils, vitamin E, UV filters and other ingredients to protect your hair. This special bag is available only from Peter Josef for just £16.99.
