## The Holly and the Ivy

This one night show in Mawbray Village Hall by a group of travelling players on Sunday 16th December was fantastic entertainment. Performed by 'The Grand Theatre of Lemmings' it was hard to believe that there were only three people, including backstage.

I almost don't want to say too much, in case lots of people try to buy tickets for Christmas 2002, because I will definitely be going again. They were absolutely fantastic with non stop comedy, magic and audience participation from start to finish.

This was their second visit to Mawbray and I had been told to expect something special, well - if you were there you will know that nobody was disappointed. I have probably said too much already, so I will simply give you several photos to give you a taste of what you missed.

Local resident Paul Gibbons getting very close to Ivy!
