Silloth International Kite Festival

13th – 14th July 2002

The skies over Silloth will be full of colour over the weekend of 13th/14th July, the date of the 4th Silloth Kite Festival. This year's event is set to be bigger and better than ever, with kite fliers coming from all over the country to The Green.

After the disappointment of having to cancel last year's event due to the Foot & Mouth crisis, the organisers have bounced back with the help of funding from the Lottery "Awards for All" Board, as well as continued support from the County Council's Neighbourhood Forum.

"This has let us invite along some pretty spectacular displays" said Tim Barker, Chair of the Kite Festival Committee. "We are very pleased to have a team called Wigsley Wings, who will be bringing their selection of enormous kites in the form of octopuses, lobsters, starfish and even Tweety Pie."

This year, too, there will be an international element, with an invited guest from Switzerland, Iqbal Husain. He makes kites with a unique sense of humour, his William Tell kite for instance, has a long tail made up of apples pierced by arrows!

There will also be displays of highly-skilled team flying from members of Team Oblivion, and experts in a wide range of kites. As always, we expect the sweet drop (from a kite) and the chance to let your teddy bear experience the thrill of parachuting to be very popular.

The highlight of the festival, though, is likely to be on the Sunday afternoon when the sky fills with smaller kites made during the festival by local children. A kite making workshop for youngsters will run on both days, and at the end of the event there will be a mass fly-in, with prizes for the best-flying.

"You are very welcome to bring along kites you have at home" says Event Organiser Ian Gilmore, "and there will also be kite traders if you want to buy a kite."

As well as kites there will also be a range of entertainment for all the family, including a jester who has appeared on Blue Peter. There will be a special marquee for children's events.

The event will run on both Saturday and Sunday between 11am and 4.30pm.
