New Crane for Port

Quayside cargo
operations at Associated
British Ports' (ABP) Port
of Silloth have been given
a considerable boost after
DA Harrison, the port's
licensed stevedores,
invested in a new 80-
tonne Sumitomo mobile
crane for use at the port.
The £250,000 crane is
adaptable for safe and
efficient handling of grab
cargoes and bag or bale
cargoes, and is expected
to increase throughput at
the port.

DA Harrison has
been stevedoring at the
Port of Silloth since 1978
and operates extensive
covered storage facilities,
for both bagged and bulk
cargoes, on and off the
port estate. Over the
years, the company has
invested a great deal
in the port, handling
volumes of bulk cement
and bagged fertiliser,
baled wood-pulp imports
and grain imports.

Richard Harrison,
Operations Manager,
DA Harrison, said: "Our
close, long-standing
partnership with ABP
is very important for
our business and we are
happy to strengthen our
relationship with the

purchase of this new
crane. The investment
will help us handle
increased tonnages
through the port and
demonstrates our
continuing commitment
to our customers' needs."

Nick Ridehalgh, ABP
Port Manager, North-
West Ports, said: "ABP
is delighted with the
continued commitment

and confidence shown
by DA Harrison in this
small, but active port
facility. Going forward,
the new crane will be a
long-standing asset for
both DA Harrison and
ABP."
